**Newly elected ARRL President Kay Craigie  
N3KN will be our  
KEYNOTE SPEAKER AT THE SATURDAY  
BANQUET  
You won't want to miss this dynamic  
presentation  
Register now**

First licensed in 1983, Craigie has been a Volunteer Examiner for more than 20 years, now working with the New River Valley Amateur Radio Club's team. In 1986, she became ARRL Section Manager for Eastern Pennsylvania, moving up to Atlantic Division Vice Director in 1990. Six years later, she became Atlantic Division Director; in 2000 she was elected Vice President and in 2006 First Vice President of the ARRL. She has served on all the standing committees of the ARRL Board of Directors and also worked on the League's Enforcement Task Force, the committee whose pressure finally resulted in the FCC's assigning Riley Hollingsworth to clean up the ham bands.

Craigie's first assignment as Vice President was to design what became the ARRL Education & Technology Program. Later, she chaired the National Emergency Response Planning Committee, tasked with recommendations on the League's readiness at the national level to respond to extraordinary disasters. In 2009, she chaired the ad-hoc committee that produced [\*The Commercialization of Amateur Radio: The Rules, The Risks, The Issues\*](#). This document offers guidelines to assist radio amateurs and anyone wishing to utilize the capabilities of Amateur Radio in understanding the FCC Rules that prohibit communications in which the amateur has a pecuniary interest, including communications on behalf of an employer..

On the air, Craigie enjoys DXing -- that's what attracted her to ham radio in the first place -- award-hunting and contesting. She holds VUCC on 6 meters, 5BDXCC (endorsed for 12, 17 and 30 meters), the DXCC Challenge award, WAZ and WAE Class 1 CW. She enjoys digital modes such as RTTY and PSK31, as well as CW and phone. She is involved with SKYWARN through the National Weather Service Forecast Office in Blacksburg, Virginia.

Craigie's husband Carter, N3AD, is a retired college professor. He has served as a Section Traffic Manager and as an ARES® Emergency Coordinator. He especially enjoys QRP and operating outdoors on the Appalachian Trail. He is also a SKYWARN volunteer. Their daughter Jenny Riffe, KA3WVD, also lives in Virginia with her husband and two children.
