

National Weather Service - Riverton, WY

Serving western and central Wyoming, 24x7

Date: December 2nd-3rd, 2011

Time: 5:00 pm thru 5:00 pm MST

13th Annual SKYWARN Appreciation Day

SKYWARN Appreciation Day is a nationwide event held by the National Weather Service in conjunction with the Amateur Radio Relay League in appreciation of volunteer SKYWARN radio operators and the contribution they make to the mission of the National Weather Service. We open our doors to HAMS across Western and Central Wyoming, and invite one and all to come to our office for this 24-hour event on Friday, December 2, and Saturday, December 3. We will operate from 5 pm through 5 pm and share weather information with radio operators worldwide.

The National Weather Service office in Riverton, Wyoming, office is located five miles west of Riverton on U.S. Highway 26.

For more information, contact Chris Jones: 1-800-211-1448

About SKYWARN Appreciation Day

- ◆ Contact other NWS offices nationwide, and radio operators across the globe
- ◆ Discuss future partnerships between NWS Riverton and local HAM radio operators
- ◆ Personal HAM equipment welcome (and encouraged)!
- ◆ Report real-time weather conditions and have fun with the event!
- ◆ <http://www.wrh.noaa.gov/mtr/hamradio/>
